I am stunned, dismayed and more than just disappointed. I worked for and donated to Roy Cooper because my many positive expectations of him. An example: that he was devoted to protecting the environment of all our state. In particular, I expect that he is protect the poor and black and brown among us --those most vulnerable to corporate practices that exploit with abandon their communities. I would beg of the governor that he reconsider this most thoughtless and cruel decision of his to sign the Atlantic Coast Pipeline legislation.

Respectfully submitted,

Lucy D. Christopher
